

Smart Inverter Addendum

This addendum is to be include with interconnection part 1 applications that include inverter based generation

Inverter UL1741-SB Certified?

Yes No

Default specified settings file must be installed on all IEEE-1547-2018/UL1741-SB certified inverters, see website for details. The applicant may provide evidence of IEEE-1547-2018/UL1741SB test certification with this application and may be required to do so if certification documentation is not readily available.

Customer Signature

I hereby certify that all of the information provided in this application request form is true.

*Customer Generator Signature: _____

*Title: _____

*Date: _____

Battery Storage Addendum

This addendum is to be include with interconnection part 1 applications that include battery storage

Battery Information:

*Manufacturer: _____

*Model Number of Battery: _____

*Battery Max Output: _____ kW AC DC

*Battery Storage Capacity: _____ kWh

*Number of Batteries: _____

(Attach additional sheets as necessary in the event of multiple units of various types / sizes)
